

# County of Simcoe Dashboard Statistics

The County of Simcoe Dashboard Statistics is a set of statistics with corresponding data from the county, which are shown in both graphical and numerical form. These data falls under the following major headings: Income and Earnings, Language and Immigration, Labour Force, Population; and within each section there are various subsections. The data for each subsection is represented both graphically and numerically, and the dashboard system makes navigation simple and efficient.

## Dashboard Overview

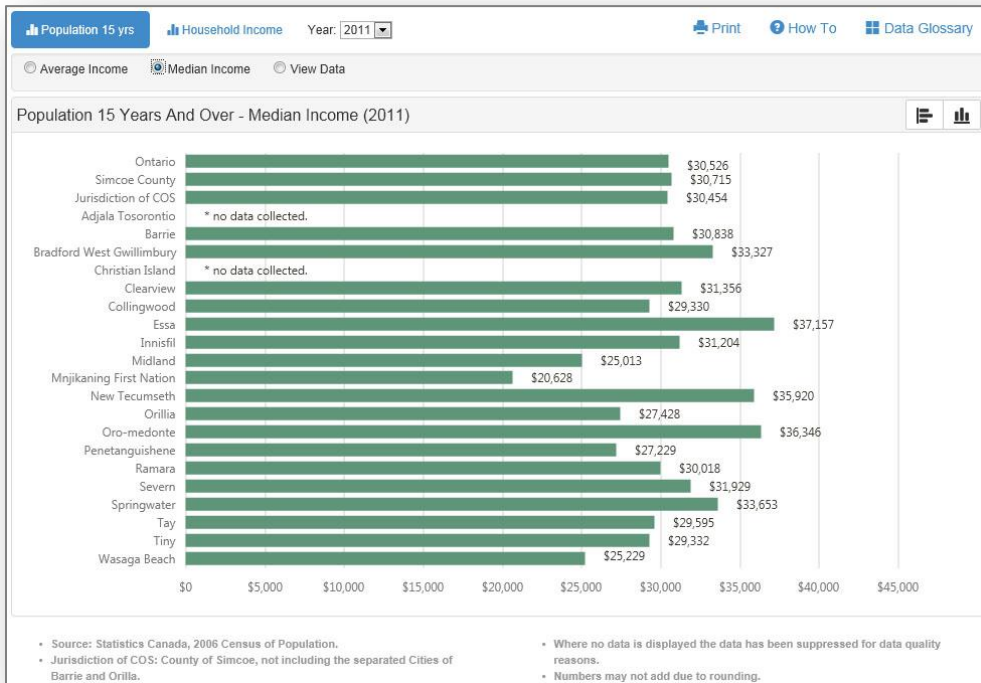

The charts displayed will display some data, either graphically or numerically. This page can be copied from the screen (using the keyboard command, Alt+PrtScn) and pasted into a document, or printed by clicking on the “Print” icon at the top right of the page.

Along the top of the page displayed, the user will notice multiple tabs, as well as a number of radio buttons. When the user clicks on one of the radio buttons, the data presented will change to reflect the new option. For example, if the user selected “Median Income:”

Example page: “Income and Earnings” as of April 14, 2014

Similarly, when one clicks a new tab along the top, such as “Household Income,” the data will change again, as do the radio button options provided.

If the “View Data” button is selected, the user will be presented with the numerical values/table view of the data rather than a graphical representation, as shown below.

Population 15 yrs Household Income Year: 2011

Average Income Median Income View Data

Location	Average	Median

 Jurisdiction of COS: County of Simcoe, not including the separated Cities of Barrie and Orillia.

Where no data is displayed the data has been suppressed for data quality reasons.  
 Numbers may not add due to rounding.

Some datasets also provide the choice to select various options from drop-down menus, including “Languages and Immigration,” seen below. These drop-boxes allow the user to manipulate which data are displayed and thus customize the output to fit their needs.
