

Tiny Trail

Township of Tiny

Main Trail: 23 km **Difficulty:** Moderate

Parking: Wyevale, Perkinsfield, Penetanguishene Pk., Con. 4 & Cty Rd. 6, Con. 12 (Summer)

A railway park in a natural setting. A partially paved, partially crushed gravel multi-use trail that links the North Simcoe Rail Trail to the Town of Penetanguishene's Waterfront Trail. Meanders across Colepand Creek and the

Wye River requiring some of the 16 historic railway bridges.

The Tiny Trail offers many points of interest along the way, including views of wildlife and a historic burial ground.

Points of Interest

1. Copeland Creek Bridges: There are 14 historic bridges on the Tiny Trail of which 11 can be found between the start of the trail at Penetanguishene and Concession Road 12. Each bridge has a descriptive sign about the history of the bridge. Be aware that the bridges can be very slippery. We recommend that you slow down or dismount.
2. Golf Course: East of the trail is the Balm Beachway Golf Club.
3. Perkinsfield: A replica of The North Simcoe Railway historic station.
4. Huron Ossary: Father J. Brébeuf witnessed a mass burial of more than 1,000 individuals near the Huron Village of Ossosane in 1636. The site is located just south of Perkinsfield on the west side of County Road 6, where a wooden sign marks the spot.
5. North Simcoe Railway: In 1847, stagecoaches used to run between Barrie and Penetanguishene with a tavern every 2 km for passengers to rest. The North Simcoe Railway Line was built in 1978 to replace the stagecoach service, much to the annoyance of the 37 tavern owners. The Tiny Trail follows the route of the abandoned North Simcoe Railway.
6. Three More Bridges: These bridges can be seen between Concession Road 3 and the southern terminus of the trail.
7. Southern Terminus: At Tiny Flos Townline.

The following trail is owned and maintained by the Township of Tiny. Please note that trails are maintained periodically throughout the year, though fallen hazards and debris may appear due to weather.
